Claims 1 and 2 are generic to a plurality of disclosed patentably distinct species comprising the compounds of formula I wherein R^1 , R^2 , X, Y, R^3 and Z are identified. The specification on page 6, paragraph 17 describes the compound as the reaction product of a di- or polyamine and a carboxylic anhydride wherein the remaining carboxylic anhydride or carboxylic acid groups are reacted with a polyphenol or aminophenol. Accordingly, the election of the following is requested:

- a) A particular species of di- or polyamine represented by $R^1[N(R^3)-$ in formula I from page 6, paragraph 18.
- b) A particular species of carboxylic anhydride represented by $-C(=O)-X-C(=O)-$ in formula I from page 6, paragraphs 19 and 20.
- c) A particular species of polyphenol or aminophenol represented by $-Y-R^3-(Z)_m$ in formula I from page 7, paragraph 22.

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species ***within each of items a), b) and c) hereinabove***, even though this requirement is traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

A telephone call was made to Brian J. Hubbard on February 7, 2006 to request an oral election to the above election of species requirement, but did not result in elections being made.

The reply to this requirement to be complete must include election of the species within items a), b) and c) to be examined even though the requirement is traversed (37 CFR 1.143).

The specification on page 1, paragraph 1, line 2, after "July 30, 2001" should be updated to indicate the abandonment of parent continuation application no. 09/806,961.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert Sellers whose telephone number is (571) 272-1093. The examiner can normally be reached on Monday to Friday from 9:30 to 6:00. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.
